

Hilltop Essential

The Best in Flooring

Style, durability and performance. Hilltop Rigid Core Flooring marries technology & style together to create a timeless pairing to last for years to come. With its highly resistant top layer, this easy to install click together flooring resists water and liquid and handles the toughest of traffic with ease. With a simple wipe and go method, the surface looks clean in moments. Under that tough exterior lies a beautifully realistic wood pattern and sound softening EVA pad. Why would you settle for less?
