

Introducing Make-it-Match™

Why coordinate when you can Make-it-Match!

Eliminate the major headaches related to the trims for rigid core vinyl plank projects.

The **ANCHOR Make-it-Match system** is the perfect solution for everyone including the flooring dealer, the flooring installation professional, the property owner, and even the flooring manufacturer. It improves the finished appearance of any project by customizing non-matching flooring profiles such as t-moldings, end caps, or reducers into an EXACT match to the flooring.

MatchWrap™ 90mm Adhesive Tape

A special double sided adhesive tape with a thin fabric carrier and white release paper used for surface customization of flooring profiles. This tape is quick, clean, odorless, non flammable, and VOC free.

*Available roll sizes:
5" x 130', 3.5" x 130'

Double-Head Pressure Roller

Used to conform the heated decorative wear layer to the shape of the flooring profile. various profiles.

Plank Skinner™

A tool designed to aid flooring professionals with the removal of the vinyl wear layer of a rigid LVP product. It makes this process efficient with little physical effort without disfiguring the wear layer.

*Drill not included

Smoother

This simple plastic tool helps the flooring professional to smoothly conform MatchWrap™ adhesive tape and heated decorative wear layers to various profiles.

Watch Make-it-Match systems in action!

Benefits

- ✓ Professionally wrap the trims of your choosing such as commercial profiles of rubber, PVC, and metal.
- ✓ Avoid cash flow killers such as waiting for corresponding trims.
- ✓ Avoid frustrations by ensuring an exact match over a corresponding match.
- ✓ Satisfaction guarantee because word-of-mouth is a double-edged sword.
- ✓ Flexible and diverse possibilities ready to be customized.
- ✓ Avoid seeking third-party suppliers.
- ✓ Save time and money.
