A Fishman Brand Product

A Versatile and Stylish Choice

The Elate collection brings the timeless appeal of wood to any space without the high cost associated with other options. Constructed from 100% virgin materials and UV cured with ceramic bead, Elate is built to be both beautiful and durable. The collection features stunning wood-look options, each designed to add aesthetic charm and durability to any room. This collection is perfectly suited for both residential and multi-family settings, making it the right choice for homeowners and property managers alike.
